ADV- 47/Contractual/30/10/2025

Invites applications for the following positions on contractual basis for a period of One Year

IT Manager (1 Position) - Mumbai

Educational Qualification	:	Graduation – B. Tech (IT, CS, ECE, BCA) • Post-Graduation (Optional) – MBA
Experience	:	Minimum 5-6 years of experience in product management or other relevant IT experience. • Deep knowledge and experience with SaaS application products, technologies and architecture. • Experience using Google Analytics or an equivalent website performance measurement tool. • Demonstrated experience in building pervasive, highly usable web products. • Ability to prioritize in ambiguous situations. • Exceptional communication skills, including presentation, formal writing, verbal.
Roles & Responsibilities	:	Define stakeholder requirements and translate into detailed feature requirements and specifications. • Collaborate and communicate with a broad team of cross-functional stakeholders, ensuring all viewpoints are accounted for and that solutions meet all necessary requirements. • Work closely with stakeholders to refine product concepts to ensure stakeholder success, usage and adoption. • Prioritization and road-mapping of tasks related to product features, in conversation with multiple stakeholders. • Work closely with Technology team, stakeholders and partners to build products & features. • Work with the design team to create the best user experience for the product features and drive the website up-gradation. • End-to-end management of third-party vendor responsible for creating, editing, and maintaining the portal. • Own and prioritize a product backlog—using data to make informed tradeoffs between new feature development, platform investment, and user issues/feedback. • Troubleshoot, analyze, debug and upgrade existing systems. • Understanding of Artificial Intelligence, Data Analytics and other next-gen technologies. • Understanding basic concepts and importance of application security. • Run backend analytics for the website and app — GA, Google Web Developer and other useful tools for the platform to improve user engagement metrics.

		• Candidate is expected to think End-to-End Process Flow and Consumer Journey of the Product.
Age	:	Up to 45 years
Remuneration	:	Rs. 1,00,000/- per month all inclusive
